

## Swimming Pool Building Permit Information

1. A site plan must be submitted showing the footprint of the proposed pool structure in relationship with the existing property lines. The drawing is either to scale or provide all referenced distances (in feet) from side and rear property lines. Indicate the size of the pool by length x width or diameter. The zoning requirements for side and rear yard setbacks is a distance of six feet (6') from each property line. The pool may not be located in a front yard or side yard abutting a street.
2. A copy of the Township Swimming Pool Code is enclosed. Please read all information to make sure your fencing meets the requirements should your pool require fencing.
3. All electrical wiring for the pool pump and auxiliary equipment is required to be inspected by an approved electrical inspection agency.
4. Provide all information on the application including contractor information. Proof of Workers Compensation Insurance form or a executed exemption application is required from the pool contractor.

When the permit application is reviewed and approved a fee of \$154.00 plus an escrow of \$200.00 must be paid to the Township for an in-ground swimming pool. An above-ground swimming pool permit fee is \$29.00 plus an escrow of \$200.00.

**Failure to supply this information will cause unnecessary delays and or denial of your permit application.**
