Challenger's International Soccer camp is a new program that combines the best practices from around the world with an interactive digital coaching component that will accelerate the player's learning experience both on the field and at home. Campers can now continue to improve what they've learned at camp throughout the year with iChallenge - Challenger's new personal coaching app! This app will help campers develop skills and creativity both during the camp and at home!

Each camper will receive a code to download the iChallenge app, and 20 videos for free! Campers view and practice the skills linked to their ability level, upload videos of themselves completing the skills, and receive online personalized coaching from a member of our experienced virtual coaching team!

iChallenge is an app-based 'personal coaching framework' aimed at maximising the potential and creativity of players, no matter what their level of play...
