## WHAT'S COOL AT THE POOL? WIBIT!

If you're looking for ways to spice up your family's summer, look no further! This year Nor-Gwyn is adding a WIBIT Aqua Track. The Aqua Track is a multi person 54 foot long floating obstacle course that all ages can enjoy. The WIBIT is safe for young and old alike and may become habit forming! You can enjoy bonding with your children as you try to beat them across the WIBIT. Tremendous fun for the kid in all of us! You can see more at [www.wibitsports.com](http://www.wibitsports.com)

### Nor-Gwyn trains Olympic Swimmers

Nor-Gwyn's long time standout swimmer and coach, Jackie Borkowski has qualified for the 2012 Olympic trials. Jackie finished an impressive 13th out of a star studded field of 154 swimmers in the 50 meter freestyle. With a time of 26.29 she beat Olympian Natalie Coughlin at the qualifying meet held in Texas this January. Jackie will be competing at the Olympic Trials in Nebraska this July for the opportunity to represent the United States at the 2012 London games. Jackie grew up in the Nor-Gwyn Swim Team program and currently coaches Hatboro-Horsham High Swim Team, Hatboro-Horsham Aquatics Club Girls, and our own Nor-Gwyn Aquatics Club Crabs. Congratulations and our best wishes to Jackie for continued success in pursuing her Olympic dream.

As the only 50 meter Olympic size pool in the area, Nor-Gwyn trained swimmers have

New 54 Foot WIBIT Aqua Track at Nor-Gwyn Pool

been finding Olympic success since 1980. Friend us on Facebook and watch our website [www.norgwynpool.com](http://www.norgwynpool.com) for a feature page on our swimmers.

**Instruction & Competition** Join the 2012 Olympic excitement by getting your own Olympic hopefuls into the water. Our programs include swim and dive lessons as well as water polo instruction **weekday mornings until 11:30am**. Please refer to our website for complete details and hours of operation or call **215-699-5111**. Those interested in competitive swimming are invited to join the Nor-Gwyn Aquatics Club Crabs ([www.nor-gwynswim.com](http://www.nor-gwynswim.com)).

**Activities & Promotions** In addition to lessons and competitive training, our 2012 activities include: Beach Volleyball, Flick & Floats, July 4th Festivities (including pie eating

contests, gold fish catch, etc.), Book Exchange, Patron Appreciation Day and more. Our facility is also available for parties; with rates on an hourly basis.

Again this year, Nor-Gwyn Pool members receive a discounted rate when enrolling in the UGT Recreation camp and special discounts at the snack bar.

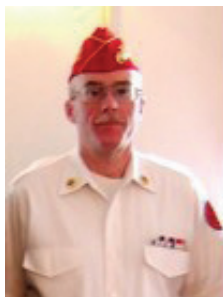

**Community Landmark** Nor-Gwyn Pool has a 55 year history of providing families with recreational activities in this area. For 18 years it was located behind Pennbrook Middle School. For the last 37 years the pool has served our municipalities from its current location in the Upper Gwynedd complex. The pool operates on income from memberships; it does not receive funding from municipal tax revenues.

**Membership & Registration** Membership rates are available for Individuals, Families, and Seniors, at membership levels including Full, Twilight and Lessons-Only. You can register online at: [www.nor-gwynpool.com](http://www.nor-gwynpool.com) or pick up a mail-in application located at Upper Gwynedd and North Wales municipal buildings. In person registration is available during pool operating hours.

**Opening for 2012** Opening day is **Saturday, May 26th at noon**. So grab your goggles and join us for a fun summer of warm weather, water and WIBIT! 🐾

# UGT Salutes Howard D. Quinn

Howard D. Quinn, a Marine Veteran who is fondly known at the Township as "Peanut," has been working in the Public Works Department for Upper Gwynedd Township for more than twenty years. "Peanut" drives the 10-Wheeler Dump Truck and performs hauling and snow plowing duties throughout the Township. Prior to his employment at Upper Gwynedd, Mr. Quinn served in the U.S. Marines Corps from 1980 to 1984. In 2004, he began working on the local Toys for Tots campaign. From 2004-2008 he collected and distributed toys in the Red Hill, Green Lane, East Greenville, and Harleysville areas. By 2012 this area expanded to include North Wales, Lansdale, Upper Gwynedd, Skippack, Worcester,

Collegetown, Bally, Barto and Gilbertsville. According to Mr. Quinn, Toys for Tots helps children between the ages of newborn to 17 years. In 2011, 3,500 children received a gift on Christmas day. This was an increase of 1,037 from 2010. He noted that there is always a shortage of gifts in the groups for newborn to two-year and eight-year to sixteen-year. Upper Gwynedd is proud to salute Mr. Quinn for his continued dedication to the Toys for Tots Foundation. Please consider donating a Toy at the Township collection site outside of the Police Department located at Parkside Place between October and December 22, 2012. For more information on Toys for Tots, please visit [www.toysfortots.org](http://www.toysfortots.org).

## DID YOU KNOW?

In 1947, Major Bill Hendricks – with the support of members of his Los Angeles Marine Corps Reserve unit – collected and distributed 5,000 toys to children in need. His program was so successful that in 1948 the Marine Corps adopted it and expanded it nationwide as the U.S. Marine Corps Reserve Toys for Tots Program. Walt Disney designed the logo, and Nat "King" Cole and Peggy Lee recorded the Toys for Tots song.

## Upper Gwynedd IDA Contributed Vests to Police Department

The Upper Gwynedd Township Industrial Development Authority (IDA) contributed \$2,000 toward the purchase of two bullet proof vests to the Upper Gwynedd Township Police Department. The IDA provides a vehicle by which non-profit (501c3) organizations can borrow for capital facilities projects at a discounted interest rate. This

Pictured L to R: Township Manager Leonard T. Perrone, Frederick Hencken, Albert C. Bailey, Police Chief David Duffy, Deputy Chief David Poirier, Michael Mathey, James L. Watters

contribution was made via the fees that the IDA received for funding such projects. 501c3 organizations that are interested in knowing more about utilizing the Upper Gwynedd IDA should contact Leonard T. Perrone, Township Manager, at 215-699-7777, or by mail at P.O. Box 1, West Point, PA, 19486.

## DON'T BECOME A VICTIM OF IDENTITY THEFT

The Upper Gwynedd Township Police Department would like to inform you that Identity Theft is one of the fastest growing crimes in the nation. There are a few simple steps that you can take to prevent your personal information from being compromised. If a bank or financial institution calls you, never give your personal information over the phone or Internet unless you initiated the contact. Do not use your date of birth as a password. Shred pre-approved credit applications and other financial documents before throwing them out in your trash. Check your credit reports every year

for accuracy. Did you know that you are entitled to order a free credit report each year from the three major credit bureaus? Go to [annualcreditreport.com](http://annualcreditreport.com) to receive them. Do not download files sent to you by strangers or click on mail from people you do not know. Finally, notify the Upper Gwynedd Police Department to make a report if you are a victim or an attempted victim of Identity Theft. You can learn more by attending a **free Crime Prevention Seminar** on **Saturday, March 31st** from **9am to 12pm** at the Township Building. See *Back Page* for more information on this Program.

## Fire Company News

### AWARDS BANQUET

In January, the Upper Gwynedd Fire Department (UGFD) held its Awards Banquet. This night allowed the men and women that invest thousands of hours a year to celebrate and enjoy the night. During this time, the Upper Gwynedd Community was protected by a crew from West Norriton Fire Department.

Brittany Tomczak won the prestigious Presidents award for her fundraising efforts for the first fire prevention 5K. Jim Galeone won high honors with the Chiefs award. The John Bryant award for outstanding contribution to the department and the community went to Blaze Mullaly and Chris Sharkey. During the celebration a guest from another party needed medical attention, the UGFD wishes to thank Connie Georgiadis for jumping into action. She may have had the night off, but it did not stop her from her duty. Thank you to all the men and women of the UGFD for their dedication to learning, training and standing ready for any emergency call.

## UPCOMING EVENTS

# Make Your Home the Solution to Stormwater Pollution

## A HOMEOWNER'S GUIDE TO HEALTHY HABITS FOR CLEAN WATER

As stormwater flows over driveways, lawns and sidewalks, it picks up debris, chemicals, dirt and other pollutants. Stormwater can flow into a storm sewer system or directly to a lake, stream, wetland or coastal water. Anything that enters a storm sewer system is discharged untreated into the waterbodies we use for swimming, fishing and providing drinking water. Polluted runoff is the nation's greatest threat to clean water.

By practicing healthy household habits, homeowners can keep common pollutants like pesticides, pet waste, grass clippings and automotive fluids off the ground and out of stormwater. Adopt these healthy household habits and help protect lakes, streams, rivers, wetlands and coastal waters. Remember to share the habits with your neighbors!

### Vehicle & Garage

- Use a commercial car wash or wash your car on a lawn or other unpaved surface to minimize the amount of dirty, soapy water flowing into the storm drain and eventually into your local waterbody.
- Check your car, boat, motorcycle and other machinery and equipment for leaks and spills. Make repairs as soon as possible. Clean up spill fluids with an absorbent material like kitty litter or sand, and do not rinse the spills into a nearby storm drain. Remember to properly dispose of the absorbent material.
- Recycle used oil and other fluids at participating service stations. Do not dump these chemicals down the storm drain or dispose of them in your trash.

### Lawn & Garden

- Use pesticides and fertilizers sparingly. When use is necessary, use these chemicals in the recommended amounts. Avoid application if the forecast calls for rain; otherwise, chemicals will be washed into your local stream.
- Select native plants and grasses that are

drought and pest resistant. Native plants require less water, fertilizer, and pesticides.

- Sweep up yard debris, rather than hosing down areas. Compost or recycle yard waste when possible.
- Do not overwater your lawn. Water during the cool times of the day, and don't let water runoff into the storm drain.
- Cover piles of dirt and mulch being used in landscaping projects to prevent these pollutants from blowing or washing off your yard and into local waterbodies. Vegetate bare spots in your yard to prevent soil erosion.

### Home Repair & Improvement

- Before beginning an outdoor project, locate the nearest storm drains and protect them from debris and other materials.
- Sweep up and properly dispose of construction debris such as concrete and mortar.
- Use hazardous substances like paints, solvents and cleaners in the smallest amounts possible, and follow the directions on the label. Clean up spills immediately, and dispose of the waste safely. Store substances properly to avoid leaks and spills.
- Purchase and use nontoxic, biodegradable,

recycled and recyclable products whenever possible.

- Clean paint brushes in a sink, not outdoors. Filter and reuse paint thinner when using oil-based paint. Properly dispose of excess paints through a household hazardous waste collection program, or donate unused paint to local organizations.
- Reduce the amount of paved area and increase the amount of vegetated area in your yard. Use native plants in your landscaping to reduce the need for watering during dry periods. Consider directing downspouts away from paved surfaces onto lawns and other measures to increase infiltration and reduce polluted runoff.

### Pet Care

- When walking your pet, remember to pick-up the waste and dispose of it properly. Flushing pet waste is the best disposal method. Leaving pet waste on the ground increases public health risks by allowing harmful bacteria and nutrients to wash into the storm drain and eventually into local waterbodies.

## ANOTHER GREEN INITIATIVE BY UPPER GWYNEDD TOWNSHIP

Upper Gwynedd announces the completion of the Ultraviolet (UV) Disinfection System at the Township's Wastewater Treatment Plant on Township Line Road. This green initiative eliminates the use of chemical treatment (sodium hypochloride) as the last phase of the treatment process before discharging the plants effluent into the Wissahickon Creek. Disinfection is achieved through the channeling of the treated flow through a system that exposes the flow through a network of ultraviolet lights. The use of ultraviolet is a

proven method permitted by the PA Department of Environmental Protection to achieve disinfection of wastewater. The system was designed by the Township's Wastewater Engineer, John Interrante PE., of Environmental Engineering & Management Associates, Inc. of Kulpville, Pennsylvania, and it was built by Blooming Glen Contractors (GC) and Barry Hoffman, Inc. (Electrical). This nearly \$700,000 project was paid for via a Grant that the Township received from Merck Sharp & Dohme Corp. ☞

## CHECK OUT THESE EXCITING NEW PROGRAMS AT THE NORTH WALES LIBRARY

233 South Swartley Street, North Wales, PA 19454 | 215-699-5410

Monday & Thursday 1-9pm | Tuesday & Wednesday 10am-9pm | Friday 1-5pm | Saturday 10am-4pm

### Dream Big Read!

Is the theme for the Summer Library Program 2012. Each Wednesday a special program will be offered at various times throughout the day. Children in grades K-5 can earn prizes by telling a staff person about a book they are reading. On Wednesday, August 1st, author Joe Kulka will be the special guest at the annual Literary Lunch. Sign-up is required.

### Science in the Summer

Registration begins in May for this two day, limited enrollment (first come, first served) program. There are two sessions; one for grades 1 and 2, another for grades 3-6. The theme changes yearly. Dates: July 9 and 10, 2012.

### Special Needs Story Time

Children with special needs (all ages) and siblings are welcome to attend. The stories and music will be geared toward ages 2-6 and the environment will be sensory friendly. The program is held the second Tuesday morning of each month at 10am in the Library Community Rooms.

### Who Let the Dogs In?

On the second and fourth Saturday morning of each month, children can sign up to read to a trained therapy dog. Time: 10:30-11:30am. Join us for a fun way to encourage reading! Sign-up required. No fee.

## A NOTE FROM THE CHIEF OF POLICE

**Officer Robert Pro, UGT's Officer of the Year.** Congratulations to Officer Robert Pro who was nominated by his fellow officers as the 2011 Officer of the Year. Officer Pro has been with the Department since 2008. He is

very active in making arrests, as well as providing community services. He is a member of the Bicycle Unit and serves as a Traffic Specialist.

As warmer weather approaches, please be mindful of bicyclists and pedestrians, especially children, while driving. Be patient and help us keep Upper Gwynedd as safe as possible.

As always, please lock your house and car doors and never hesitate to call 9-1-1 to report something suspicious.

The Police Department will be hosting a **Crime Prevention Seminar** on Saturday, March 31st from 9am to 12pm at the Township Building. **Special attention Senior Citizens:** topics covered will include Scams and Frauds and Home and Personal Safety. We will also have "Drug Take Back" service available and residents will be invited to tour the police station. Any questions or suggestions, please call Deputy Chief David Poirier at **215-699-5862**. Hope to see you there!
